

Seriously Sassy Stripes - Materials

Description of Class

Add a little zing to any project with stripes! There's more to it than you think. In this workshop you will learn tricks like weaving in ends as you go, how to carry yarn up the side of your work, the best ways to join a new ball (including the super cool felted join), how to stripe in rib without a color break, joggless join when striping in the round and more! We will also go over fun design elements to spice up your work, like slip stitching, mixing in garter ridges, random stripe generator and variegated yarns. Time to get your stripe on!

Skill Prerequisite

Must know how to knit, purl, cast on, bind off. Recognize the knit and purl stitch and be able to work them in a pattern without supervision.
